২	উদ্ভাবনের সংক্ষিপ্ত বিবরণ:	<p style="text-align: center;"><b>OVERVIEW</b></p> <p>The BSFMSTU Journal Management System is a user-friendly and comprehensive platform designed to streamline and facilitate the management of academic journals published by different departments and faculties of Bangamata Sheikh Fojilatunnesa Mujib Science &amp; Technology University. It is a functional system where all processes of peer-reviewed journals can be managed. The system allows rapid and easy submission of original and revised manuscripts. Serving as a centralized system, it empowers editors, reviewers, authors, and administrators in efficiently overseeing the entire process of journal publication. With a strong emphasis on accessibility and visibility, the system enables the online availability of published articles, thereby ensuring widespread reach for research output. Furthermore, it is important to note that all the journals hosted within the system are open access, allowing unrestricted access to scholarly content. To ensure smooth operation and maintenance of the system, the website is managed by the ICT Cell of the BSFMSTU.</p> <p style="text-align: center;"><b>DETAILED FEATURES</b></p> <p><b>Article Submission Tools</b></p> <ul style="list-style-type: none"><li>• PDF conversion is being handled automatically</li><li>• All of the required documents could be sent online</li><li>• Authors may see/check the quality of images during submission</li><li>• User friendly submission process</li><li>• Flexible and configurable submission process</li><li>• Ability to change logged journal without closing current session</li></ul> <p><b>Review Process</b></p> <ul style="list-style-type: none"><li>• Ability to change review options according to your journal</li><li>• Reviewers can review articles online</li><li>• Reviewers can get email and SMS alerts</li><li>• Reviewers can review articles from different journals without changing account</li><li>• Reviewers can see previously reviewed articles</li><li>• Reviewers can get report about previously reviewed articles</li></ul>
